

X-FW 530 Knife Folding Unit

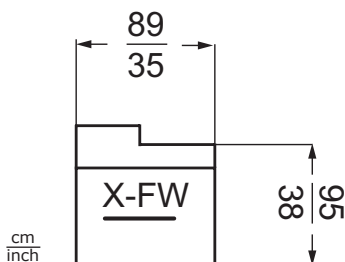

The X-FW 530 is an x-knife unit designed for configuration behind the parallel unit or the 8-page folding unit. This highly efficient knife folder is compact, mobile and features many MBO innovations. With independent self-control, the X-FW 530 can be used in a wide range of configurations including lines with older machines or machines from other suppliers.

Standard Features

- Digital knife control with jam detection
- Centrally adjustable sheet stop
- Tilting smoother bars with high speed wheels
- Quick change slitter shafts
- Independent self-control
