

FA Series

Vertical Stacking Delivery

The FA Series is a vertical stacking delivery from MBO and is available in 18 inch, 26 inch, and 32 inch working widths. This machine comes equipped with a pressing station as well as a counter and independent self-control. Because of independent self-control, this unit can be used in a wider range of configurations including lines with older machines or machines from other suppliers. As with all MBO machines, the FA Series deliveries were designed to handle product ergonomically and efficiently at high-speeds.

Standard Features

- Integrated pressing station
- Mobile
- Adjustable infeed height
- Marking device
- Independent self-control
- Product spreading at infeed
- Integrated counter

*All features are subject to change without notice.

Multiple solutions to help you grow your bottom line.
